

An invitation to meet Shadowcliff Mountain Lodge

Shadowcliff has over 65 years of history as a seasonal retreat center in the beautiful, small mountain community of Grand Lake, Colorado. As a nonprofit organization our mission is “to hold space for individual and collective transformation”. With compassionate and visionary leadership throughout the years, Shadowcliff has served many audiences as a radically welcoming safe space for workshop and retreat groups, a rest stop for CDT hikers, a place of reconnection for family groups, and a gathering space for local Grand County neighbors. Our values are Healing, Growth, Community and Hospitality.

Group Experiences at Shadowcliff

As a nonprofit retreat center, Shadowcliff hosts other nonprofits that use off-site group experiences as a way of serving their audiences. Whether that’s a team-building retreat, a experiential workshop, or a respite for clients and their families, group experiences at Shadowcliff are like no other. In fact, some groups have been returning to Shadowcliff for multiple decades!

The Shadowcliff campus features two lodge buildings with 16 total rooms, 3 cabins, and a multi-purpose building. Lodge rooms are appointed with multiple beds that make them ideal for friend or family groups. Lodges are appointed with basic amenities and laid out like a hostel — private rooms but shared bathrooms on each floor. Depending on room occupancy, groups of 15-30 are the most common. Customizable meal service is available to groups in Rempel Lodge, or groups may choose Cliffside Lodge which features its own full guest kitchen and dining area. Our facilities are open June through September.

Just steps from Rocky Mountain National Park trailheads and with spectacular views of Grand Lake, Shadowcliff’s location is second to none. Whether a group is looking for adventure, community or quiet reflection, there’s something special about Shadowcliff that keeps folks coming back...

Let’s Talk!

If an unforgettable mountaintop experience is something your organization could benefit from, we’d love to speak with you about how Shadowcliff could serve your group needs. Starting in 2024, we will be implementing a tiered rate system to further support our nonprofit partners.
